

Baden Powell Award

IMPORTANT INFORMATION FROM GIRLGUIDING NORTH EAST ENGLAND FOR GUIDE LEADERS REFERENCE THE BADEN- POWELL AWARD

The current indication from Girlguiding is that the new programme will include a 'top award' in every section that members can complete before moving up. For the Guides, CHQ will confirm by the end of 2017 what is happening to the Baden Powell Award.

The current working assumption is that the Award in its current state will finish. So, we need to ensure that we can offer enough adventures to girls who want to complete it by the cut-off date of Sept 2019.

To enable us to manage the demand from units and the supply across the region, it was agreed that we should gather data about potential numbers of girls requiring an adventure from every County so that we can develop a programme of adventures in the right sort of spread and number for 2018 and 2019.

Data to be collected, on a termly basis, from Guide units:

Girls name, start date on the BP Award, date when 5 clauses have been completed, leaders name, leaders email address, unit, district, division, county. This information needs to be sent and updated on a termly basis to Sally Jackson at Brownowl52@aol.com.

BP Award - timeline guidance for girls who wish to complete the current BP Award before it is retired.

Easter 2017. Guides need to be at least 11 years old to complete the current BP Award by Sept 2019

Easter 2018. Guides need to be at least 12 years old to complete the current BP Award by Sept 2019, have completed two challenge badges and two interest badges and be 'registered'* as starting the award

Easter 2019. Guides need to be at least 13 years old to complete the current BP Award by Sept 2019, have completed at least five clauses from the award and be booked onto a BP Adventure

Sept 2019 Last BP Awards presented

The County BP Advisers have a meeting scheduled at Region in October so any current information is needed by the 30th September please.
